EXPERIENCE

Graphics Designer

(Drobal Health)

January 2025 – June-2025

- Designed various social media posts and worked on print-related projects including banners, ID cards, and business cards.
- Worked collaboratively in a team environment and communicated directly with clients to meet their design needs and ensure satisfaction.

OBJECTIVE

Creative and detail-oriented aspiring graphic designer seeking to leverage a passion for design and newly acquired skills in visual communication to contribute to dynamic design projects. Eager to bring fresh ideas, learn from experienced professionals, and grow in a collaborative environment.

SKILLS

- Design Software: Adobe Photoshop, Adobe Illustrator.
- Specializations: Social Media Design, Business Card Design, ID Card Design, T-shirt Design, Book Cover Design, Trifold Brochure Design, Letterhead and Envelope Design, Banner Design.
- Web Design: Basic HTML, CSS.
- Creative Tools: Canva.
- Other: Time Management, Attention to Detail, Creativity, Collaboration.

PROJECTS

■ Social Media Campaign:

- Developed the visual identity for a fictional company.
- Created the logo, color palette, and a full set of brand collateral (business cards, letterheads, envelopes).
- Focused on maintaining a cohesive and consistent brand image

■ Brochure Design:

- Designed creative and visually appealing brochures for a brand's marketing campaign using Adobe Illustrator.
- Focused on sleek, professional layouts that effectively conveyed the brand's message and core values.
- Enhanced audience engagement through well-structured and aesthetically pleasing designs.

■ Flyer Design:

- Designed a corporate flyer to showcase advanced design skills and creative capabilities using Adobe Illustrator.
- Focused on modern, clean layouts to effectively communicate a company's values, brand identity, and key messages.
- Applied striking visuals and clear, concise messaging to enhance brand presence and attract attention.
