## Education Background

- **BSc in CSE, 2023**  
United International University
- **HSC (Science), 2017**  
Govt. Science College Dhaka

## Training

- **Web Design & Development**  
Organization: CDIP  
Duration: 4 Months  
Topics Covered: PHP, JavaScript, HTML, CSS, Bootstrap

## Research Work

cliniCare - A Novel Platform for Freelancing Telemedicine Services - Bangladesh Perspective

 [cliniCare](#)

## Seba Card ~ Health Services Membership Selling system

**Tech Stack:** Laravel 11, PHP 8.2, Sanctum 4.0 | Blade, Bootstrap | MySQL, Eloquent ORM

### Key Contributions:

- Implemented frontend from figma design with Bootstrap CSS
- Developed RESTful APIs for efficient frontend-backend communication

 [GitHub Repo](#)

## Inside Bangla ~ Resourt, Hotel and Visa info Sharing Platform

**Tech Stack:** Laravel 11, PHP 8.2, Sanctum 4.0 | Blade, Tailwind CSS | MySQL, Eloquent ORM

### Key Contributions:

- Implemented frontend from figma design with Tailwind CSS
- Developed RESTful APIs for efficient frontend-backend communication

 [Live Website](#)

## One Flower ~ Single vendor E-Commerce

**Tech Stack:** Laravel 10.10, PHP 8.1, Sanctum 3.3 | Blade, Bootstrap | MySQL, Eloquent ORM

### Key Contributions:

- Developed RESTful APIs for efficient frontend-backend communication
- Designed database schema and queries with Eloquent ORM

 [Live Website](#)

## ElevenPlus ~ Single vendor E-Commerce

**Tech Stack:** Laravel 11.9, PHP 8.2, Breeze 1.29 | Blade, Bootstrap | MySQL, Eloquent ORM

### Key Contributions:

- Developed RESTful APIs for smooth frontend-backend communication
- Designed database schema & implemented queries using Eloquent ORM

 [Live Website](#)

## Canvas Studio ~ Portfolio website

**Tech Stack:** Laravel 10.10, PHP 8.1, Sanctum 3.3 | Blade, Bootstrap | MySQL, Eloquent ORM

### Key Contributions:

- Built and styled a responsive UI with Blade and Bootstrap
- Developed admin panel functionality for portfolio management
- Optimized performance and loading speed across devices
